Hosting an OWIN Pipeline

Chris Klug

@ZeroKoll | http://chris.59north.com/

Self-Hosting an OWIN Pipeline

- Install self-hosting NuGet package
  - Microsoft.Owin.SelfHost
- Start the server
  - WebbApp.Start<T>()
- Done!

Testing an OWIN Pipeline

- Install test-server NuGet package
    - Microsoft.Owin.Testing

- Create test method

- Start the server
    - TestServer.Create<T>()

- Do the test, and assert result

- Optional: Keep it DRY
